Brass Fitting Parts
&
Electric Components
Engineered for Excellence**

Leading Brass Components Manufacturer

ABOUT US

At **Indo Alloy Components**, we are a leading manufacturer and exporter of high-quality **brass components and brass electric parts, including Brass Fastener Parts, Lay-In Lugs**, and many other precision-engineered brass products. Every product is carefully designed and manufactured to meet customer requirements, designs, and specifications with the highest level of accuracy.

We are a professionally managed organization dedicated to delivering unparalleled brass components with a focus on **quality, innovation, and customer satisfaction**. Our strong quality management system, combined with technical expertise and years of experience, enables us to consistently provide products that meet international standards.

Innovation is at the heart of our success. By adopting the latest technology and agile methodologies, we ensure efficient and reliable production processes. Our team is trained to follow standardized procedures, and we invest in continuous learning programs to keep our workforce updated with the latest industry trends and advancements.

OUR CAPABILITIES

We are a trusted manufacturer and exporter specializing in custom brass and steel fasteners, as well as precision brass-turned components. Regardless of dimension, material, or finish, we deliver products tailored to meet diverse customer requirements.

Our state-of-the-art facility spans over 5,000 sq. ft. and houses dedicated departments including Quality Control, Electroplating, Drawing Office, Packaging, Production, Tool Room, and Accounts, ensuring a seamless workflow from design to dispatch.

OUR VISION

At Indo Alloy Components, our vision is to emerge as a global leader in custom brass parts and precision metal component manufacturing. We aim to set new industry benchmarks by excelling in sectors like Electrical, Automotive, and Industrial Engineering.

OUR MISSION

Our mission at Indo Alloy Components is to deliver top-quality brass and metal components at competitive prices while maintaining excellence in precision, durability, and service. With a focus on continuous improvement and customer satisfaction, we strive to not only meet but exceed expectations.

OUR FUTURE GOAL

At Indo Alloy Components, our core values form the foundation of who we are and how we operate. We uphold the highest ethical standards, fostering integrity in every interaction. Customer satisfaction remains at the heart of all decisions and actions.
